RESERVE OF OFFICERS.

The attention of Reserve Officers is particularly directed to the following Regulation:—

An Army Reserve Officer shall report himself at the commencement of each year, in writing, to the Secretary of the War Office. Should he fail to do so he shall (unless he be an Officer retired from the Regular Forces with liability for further service in case of emergency) be removed from the Reserve of Officers at the end of the year in which he fails to report himself.

Reserve Officers reporting themselves in compliance with this Regulation, will, at the same time, furnish their addresses for the current year; and any subsequent change of address should be at once notified to the War Office.

Reserve Officers accepting service under any Government Department, County, Borough, or Municipal Authority, should notify the fact to the Secretary of the War Office as soon as possible.

(Officers whose names are printed in Italics are not available for Service with Regular Forces for Home Defence.)

[Officers marked thus † are voluntarily in the Reserve of Officers.]

Following shall be substituted for the words from "In" in line 3 of paragraph 607 to end of line 6:—
"or horses at home, and £7 per annum for horses abroad and for cobs at home and abroad."

Following shall be inserted after "officer" in line 1 of paragraph 608: "(except a combatant officer of the Household Cavalry)," and at end of the paragraph there shall be added:—

"an officer to whom forage is specially granted under para. 150 may be allowed the use of a public charger under the same conditions, provided that horses are available without extra expense to the officer. In cases, however, when the officer's duty can be more economically performed by the use of a public horse than by the hire of cabs or other conveyances, a horse may be issued free. Horses issued under these conditions are only to be used for military purposes."

Words "properly cared for and are at all times fit for military duty" shall be substituted for "kept in proper condition" in line 2 of para. 609; and the following shall be substituted for the lines of this paragraph:—

A hired charger may be used at the hirer's risk for any purpose except racing (other than steeplechase) or for heavy work generally. A hired charger will not be hunted by anyone except the officer hiring, and must not be taken away from the unit without the permission of the O.C., and then only in exceptional cases. An officer's financial liability in the case of loss of or accidents to chargers for duty will be assessed as in para. 610."

Following shall be substituted for (I.) and (II.) of paragraph 610:—

† A cob is a horse ranging in height from 14.2 to 15.0 hands.

10. The following shall be substituted for the last 5 lines of paragraph 611 :—

"10. All applications for the issue, return, transfer, or exchange of chargers other than chargers taken from the ranks, will be forwarded through the G.O.C.-in-C. to the War Office, applications for the provision of chargers being made on A.F. B 236. Except as provided in paras. 812 and 812A, a horse taken into the ranks for general purposes will not be re-classed as a 'free' charger without War Office authority. Such a horse will not, except in very special cases, be given if the period of hire has lasted for less than 12 months. A horse supplied to an officer will be returned by him except for military reasons, or because the officer is leaving the unit or the country."

11. In line 8 of paragraph 612A, "and" shall be substituted for "or."

12. The following new paragraphs shall be inserted:—

6132. As an alternative to the issue of a public charger or chargers under para. 603, officers entitled to be mounted will be permitted to use their own horses if certified by a veterinary officer or civilian veterinary surgeon to be serviceably sound and fit for service, and by the C.O.* as suitable for military duties, or may purchase horses from the ranks (see para. 6131). Such horses will be stabled and foraged at the expense so long as they are used for the performance of military duties.

In the case of staff officers, heads of departments, and Os. C. units, the certificate will be given by the G.O.C. concerned.

6137. Officers entitled to be mounted (excluding officers of the household cavalry) will, on application to the War Office, be permitted to purchase not more than two horses from the ranks; when that regulation allowed for only one horse the application will be restricted accordingly. The price to be paid will be 60*l.* each.

Horses so purchased will not be sold by private contract or otherwise disposed of within four years without the previous sanction of the War Office.

6136. Should an officer wish to part with a horse procured from the ranks before it has been in possession four years, it will be placed at the disposal of the public, a notification to that effect being sent to the War Office through the O. A. description of the horse must be sent to the War Office with the application, together with a certificate from the veterinary officer stating whether the horse or horses are serviceably sound and fit for the service. If the horse is passed as sound and is effective for army use, it may be taken back into the ranks at troop price, provided it is not more than seven years old; if the horse over seven and under ten years old, a deduction will be made of £1. for each year in excess of seven. These instructions will also apply in the event of the death of an officer.

615K. The regulation with regard to the return of a horse to the ranks, as laid down in para 615K, apply to the case of an officer who may retire, die, or otherwise become non-effective before the expiration of four years from the date on which he may have procured it.

6131. Should the horse be unsound or otherwise unfit for the service, it may be sold with other cast or unsound horses, and the amount realized will be handed over to the officer.

IT IS OUR FURTHER WILL AND PLEASURE that an officer who, prior to the 1st April, 1902, had in possession of a horse, shall retain the privilege as laid down in paragraph 607 of the Allowance Regulations of becoming the owner of the horse after six consecutive annual payments at home, or four abroad, on becoming the officer's property, shall continue to be used for military purposes until the competent authority.

INSTRUCTIONS, REGULATIONS, &c.

A.O. 152, 1909.—The distribution of the Regular Troops in the United Kingdom—

1.—The redistribution in peace of the troops in the United Kingdom has recently been under consideration of the Army Council.

2.—The main principles underlying this distribution are as follows:—

- (i) That for cavalry, artillery, and infantry of the Expeditionary Force, the brigade organisation should, as far as possible, be followed in determining the peace stations of units.
- (ii.) That barracks should not in future be built for concentrated brigades on ground intended for training and manœuvring large bodies of troops. In selecting stations for individual units the training of the unit need only be considered, the units of a brigade being concentrated for brigade training. Local sentiment, tradition, and the proximity of towns should be considered in connection with the above.
- (iii.) That the various units comprising the six divisions should be distributed so that each division can be readily and economically concentrated for divisional training. The troops forming a division should, if practicable, be quartered in the same Command.
- (iv.) That the artillery of each division (except the heavy artillery) should, as far as possible, be concentrated to facilitate its training by the divisional commander.
- (v.) That horse artillery and engineer field troops should be located with or near cavalry brigades in order that the advantages derived from the combined training of these arms may be obtained.
- (vi.) That troops for the defence of fortresses and defended ports should be quartered as near as possible to the works they are required to man in war.
- (vii.) That for administrative reasons heavy batteries should continue to be brigaded in peace.
- (viii.) That depôts and artillery training brigades should, as far as possible, be quartered at places where suitable railway communications exist, in order to facilitate the reception and despatch of recruits. It is considered undesirable to locate depôts and training brigades at army training centres.
- (ix.) That the engineer units allotted to army troops should be divided between Great Britain and Ireland, in order that they may be available for training with the troops comprising the several divisions.

3. The table given in the Appendix to this order shows the present and ultimate distribution of units based on the principles enumerated in paragraph 2. In arriving at the distribution decided upon, the Army Council have given their careful consideration to the state of existing barracks; those of ultimate stations which require improvement, will be dealt with as funds permit.

In order to attain the ultimate distribution it may be necessary to provide for an intermediate, or provisional, distribution in certain cases.

4. The ultimate distribution of troops shown in the Appendix, will not necessarily cause the movement of units quartered at their present stations to the ultimate stations.

† (Not printed in the Army List.)

5. Questions relating to the selection of stations for certain infantry depôts and headquarters of certain Special Reserve battalions are at present under consideration.

H.R.H. THE DUCHESS OF CONNAUGHT.

Subscriptions and donations in support of the Charity will be thankfully received by Messrs. Cox & Co., Charing Cross, London, W.; by the Secretary, Colonel E. L. F. Jennings, M.V.O., to whom crossed cheques and Postal Orders on the Charing Cross Post Office should be made payable.

The Home was constructed and is equipped for 200 girls, and the desire of the Committee is to maintain the full complement.

The need of such an institution is apparent from the fact that there are on an average three candidates brought forward at each selection to every one admitted.

The Committee earnestly appeal to a generous public to aid them in the support of the Charity. They also ask for the co-operation in the good work of every Regiment and Corps.

A contribution of but 6d. a year from each Non-Commissioned Officer and Man throughout the Service would provide for the support of a child from every Regiment.

The Home is open to visitors daily between 10 and 5, except on Saturdays and Sundays.

The Committee invite the inspection of all friends of the Soldier.

MILITARY WIDOWS' FUND, BRITISH SERVICE

(Late Queen's Military Widows' Fund.)

The Military Widows' Fund, British Service, was established in 1820 to alleviate the distress of families of officers of the British Service and to enable them to return to England without unnecessary delay. Whenever an officer of the British Service, who is a subscriber to this Fund, dies, his family receives at once, the following assistance, namely:—Six months maintenance allowance ranging from Rs. 2,400/ to Rs. 3,600/, according to rate subscribed, plus Rs. 1,500/ for passage for the widow, plus Rs. 500/ or Rs. 300/ for passage of each child, according to whether it is over or under 12 years of age. The benefits are secured by a small subscription of Rs. 4, 3, or 2 per annum, which is regulated by the amount of pay an officer draws. An officer immediately on becoming a subscriber, secures at once for his wife and children, quite irrespective of length of service in India, the full benefits of the Fund in case of his death.

In 1902 the sum of Rs. 31,200/ was paid in awards to families of deceased subscribers; and the total amount paid since the establishment of the Fund in 1820 exceeds Rs. 22,00,000/.

Copies of the Regulations of the Fund can be obtained from the Honorary Secretary at Simla.
